

ARE YOU OUR NEW International (Potential) Site Manager?

We are looking for you!

We, EAE, EAE Solutions and Q.I. Press Controls (QIPC), are a major player in the intralogistics and graphic industry. Worldwide market leader in high-quality and innovative optical measurement and control systems within the graphic industry and complex and time-sensitive industrial applications (control of transport and sorting machines) within the intralogistics market. The head office is located in Oosterhout and with the help of our international offices and network of agents we ensure a worldwide sales area.

Informal and sociable working atmosphere, open doors, short lines of communication, development and innovation are our core values. If this is what you are looking for, then this will be the perfect place for you! We are located in the beautiful north of Germany and south of the Netherlands. Do you want to join our international working environment and group of companies? Your 200 worldwide colleagues are waiting for you!

Our EAE-QIPC Group believes in hands-on and self-conscious employees, who know their own strengths and do what makes them happy. Because, if you're working on something you're good at, it gives you energy and creates more fun. We talk about a EAE-QIPC family, and this is something we are proud of! We would like to give you a warm welcome. Are you ready to start working for EAE-EAE Solutions either at Ahrensburg Germany or Oosterhout Netherlands location?

International Site Manager

Your Mission:

Do you want to travel the world for us, get to know different cultures and working processes? Do you want work with our high-tech and innovative products? You look forward to varied activities? Would you like to dive into the dynamic world of intralogistics or strengthen the printed word through your work? Then this is the perfect job for you!

You will either manage installation and commissioning activities with use of a team on-site, or take care of installation and service activities for our systems.

If you have experience or are just starting out, we will help you to find your place in our family.

We give you the space to implement your ideas at our worldwide installations. In direct contact with our partners and customers you are the front piece of the company!

Your Profile:

A practical experience with Electronics/Mechatronics, an intermediate vocational education degree in the field of electrical engineering or another relevant field.

- Experience or willingness to grow to an international service-minded function
- a driver's license
- You have good problem-solving skills for technical issues
- You can work independently and precise
- You are able to set priorities and you face your tasks in a goal-oriented manner
- Good knowledge of English, speaking German is a strong advantage, but not a requirement!
- High motivation and dedication

Why us:

You get a performance-related salary, modern equipment, flexible working times, a package of additional social benefits and lot of nice professional international colleagues.
